SGA Senate Minutes for 18 October 2017

Taken by USC Communications Director Elizabeth Nguyen Son

12:10 ±Attendance, Quorum met 13/21, Senate begins

12:12 ±Presentation from Provost Hank Kreuzman

- x The Quai d'Orsay Project student support center
- x Showing us what it looks like for feedback
- x

- x Malick: How is the new building being funded?
 - f Answer: None of your tuition fees go towards this building because buildings are funded from donors.
- x Riki: Will the Combes lobby become a walkway to the Quai d'Orsay and a study area?
 - f Answer: There will be a reading room with a glass wall separating the walkway from Combes to the Quai d'Orsay
- x Provost: Who would you want to sit in the lobby of the Quai d'Orsay?
 - f Monique: Someone who has general knowledge of AUP and can direct people where they need to go.
 - f Will: How many people can sit there?
 - x 3 people
 - f Jasmine: I think it would be nice to have a rental service for phone and laptop chargers.
 - f Eboni: Would the person sitting at the desk an AUP staff member or a student worker? Could it be both?
 - x No reason why it couldn't happen.
- x Alen: What is the seating capacity of the reading room? We saw a chart last week and the library has 3040 seats.
 - f Answer: The building will have an overall seating capacity of over 200, not including classroom seats.
- x Group study spaces so that students can work together without disturbing others
- x Monique: If there is going to be a glass roof over the study room, will there be air conditioning? Because Combes gets really bad in the summer.
 - f Answer: We have acknowledged that it could be an issue but do not anticipate it. The glass will be specially treated to be heat resistant but we are adding the capacity to add air conditioning should we eventually need it.
- x Marly: Will there be any solar panels?
 - f Answer: No, but we have a lot of plants.
 - f Marly: Is it open to discussion? It would be a great source of energy (cheaper bills?)
 - f Answer: It is definitely a good question that we will take back to the architects.
- x High-tech and high-quality vending machines
- x Anna: How would we distinguish quiet study spaces and loud study spaces?
 - f Answer: Traffic light: green means free and loud, yellow means still for group work but toned down, and red means pin drop silence.
- x Leona: From what I understand, the wellness room is supposed to move into this building, how so?
 - f It hasn't been fully determined but we want to incorporate it in the Quai d'Orsay/Combes building somehow.
- x Chiara: Will there be a gym space? It has been heavily requested
 - f

- o Motion passes and budget approved
- x SGA Bonding Day
 - o Monique: Motion to allocate 474 euro to SGA Bonding Day.
 - o Motion passes and budget approved

13:18 ±

APSC Budget Requests

On behalf of	Purpose	Amount Requested	Amount
Inspire Africa	African Movie Night	70.00	70.00
