LIVE WITH CONFIDENCE

NOTE

If you miss courses due to illness, ask for a medical certificate when you see a doctor. The health office will not provide this document. You should be in touch with your professors to inform them of your absence and provide them with appropriate medical documentation as necessary.

IMPORTANT

Students enrolled in French Social Security: declare your primary care physician (médecin traitant) on your first visit to a General Practitioner, and before seeing any specialist. Fill out and sign a "déclaration de médecin traitant" form with your GP and send it to French Social Security. I

INTERNATIONAL SOS ASSISTANCE APP

Stay informed, healthy and safe while travelling at home and abroad

Use the International SOS Assistance App for medical and security support, whether at home or abroad:

1. Receive support from the International SOS Assistance Centre, 24/7, from anywhere in the world – with the tap of a button.
2. Access the latest medical and travel security information for your location.
3. Receive real time alerts based on your location; plus, access up-to-date COVID-

CALL I

CALL I

The first part of the call is a general introduction to the course. The instructor explains the objectives of the course and the importance of the subject matter. The second part of the call is a detailed discussion of the various topics covered in the course. The instructor provides a comprehensive overview of each topic, including the underlying principles and the practical applications. The third part of the call is a Q&A session where the instructor addresses the questions and concerns of the participants. The call concludes with a summary of the key points discussed and a final message from the instructor.
