Taken by GSC Communications Director Zoey Mannick

Amex bookings- Book both with the AMEX and submit a form online, keep Safia in the loop

12:13 — Chris on Thanksgiving

Read speech about the history of Thanksgiving and why the name should be changed

Questions

Hasn't the holiday connotation changed since its forming?

The change of the name doesn't change the holiday, so why change the name?

In what ways are you going to bring awareness other than just changing the name?

Would it be more powerful to keep the name and educate during the event?

Wouldn't everyone outside of this group call it Thanksgiving still?

Since the connotation of Thanksgiving has already changed, why is calling the event Thanksgiving so bad, is it more like a PR move where you do the littlest amount to seem like you are doing a lot?

Do you honestly believe that students go to Thanksgiving thinking about the history?

Why does the name create such a negative connotation?

How many people are planning this event?

What exactly are we voting on?

13:08- Senior Rep/Open Positions

Clarifications on open positions, council decided not to go forward with a person who was interested in an open positions, clarified the constitution about the fact that it is up to the councils to bring people to senate to vote on

Questions: We didn't understand why the Senior rep wasn't brought in but Grad rep is. Seve did apply but for a different position, when an opening was created by resignation, GSC nominated Seve. The senior was late on the app and decided not to go forward with the candidate and leave it to a vote in the Spring

13:16- Voting in Grad Rep: Seve Loudon
